CHANNEL VISION Limited Warranty

Channel Vision Technology will repair or replace any defect in material or workmanship which occurs during normal use of this product with new or rebuilt parts, free of charge in the USA, for two years from the date of original purchase. This is a no hassle warranty with no mail in warranty card needed. This warranty does not cover damages in shipment, failures caused by other products not supplied by Channel Vision Technology, or failures due to accident, misuse, abuse, or alteration of the equipment. This warranty is extended only to the original purchaser, and a purchase receipt, invoice, or other proof of original purchase date will be required before warranty repairs are provided.

Mail in service can be obtained during the warranty period by calling (800) 840-0288 toll free. A Return Authorization number must be obtained in advance and can be marked on the outside of the shipping carton.

This warranty gives you specific legal rights and you may have other rights (which vary from state to state). If a problem with this product develops during or after the warranty period, please contact Channel Vision Technology, your dealer or any factory-authorized service center.

6005 Weatherproof Color Camera

BY  CHANNEL VISION™

©2006 CHANNEL VISION TECHNOLOGY

The **6005** is a weatherproof high-resolution color bullet camera. It is available in white (6005-W) or black (6005-B). The concealed cable mounting bracket hides the camera's cable and allows the camera to be pointed in any direction, ensuring a professional appearance and performance.

Features:

- High quality 1/3" Sony Hi-Res CCD sensor
- Weatherproof
- Concealed cable bracket
- Auto Electronic Shutter
- Easy install

Bullet Camera and Sun Shield

Power Supply

Screws and Wall Anchors

Swivel Mount

Model 6005

1. Connect wiring
2. Mount the camera

Installation:

- Drill a hole in the wall or ceiling for wiring (see diagram).
- If necessary, attach the camera's video output to a coax extension that is long enough to reach your monitor or video distribution equipment.
- If necessary, cut the connector off of the end of the power supply and splice in an extension using crimp-on connectors.
- Attach the swivel mount with the provided screws.
- Move the camera to adjust the view.
- Tighten the swivel mount to secure the camera placement.
